Key words: errata, addenda – chaos – magnetic fields – turbulence – Sun: granulation – Sun: photosphere.

This is an erratum to the paper ‘Supergranular turbulence in the quiet Sun: Lagrangian coherent structures’ that was published in MNRAS, 488, 3076–3088 (2019). In the original version of stz1909, there were several instances where the author’s corrections had not been implemented during the proofing stages. These have now been corrected as follows:

- (i) Page 3077: in the second paragraph, the reference ‘G16 G17’ has been corrected to ‘Gošić et al. 2014, 2016’.
- (ii) Page 3079: in section 3.1, the reference ‘G20’ has been corrected to ‘Haller (2015)’.
- (iii) Page 3087: the article ID ‘eeau2307’ has been added to reference ‘Hotta H., Iijima H., Kusano K., 2019, Sci. Adv., 5’.

The publisher apologises for these errors.
